Circular 742

Iraq – Certificate of Conformity

We have been informed by the Embassy of the Republic of Iraq that all goods which are subject to the conformity programme should be accompanied by the Certificate of Conformity.

The Certificate of Conformity should be legalised following the same procedures of the other documents.

If the goods **are not** subject to conformity then the consignor should submit a letter to that effect confirming this fact. This letter does not need legalisation.

This requirement will be for both stream I as well as stream II documents; and will apply to all documents received at our offices as from Monday 22nd July 2013.

Thank you for your cooperation
