**To all Agent Chambers / Members****Circular 753****UAE Update**

We have been requested by the Embassy of the United Arab Emirates in London to **re-affirm** the proceedings of all shipments from United Kingdom to UAE, **that an Arab-British Certificate of Origin** must be completed, then duly certified by the Arab-British Chamber of Commerce and thereafter to be forwarded to the Embassy for legalisation. This is also the procedure for **invoices and all other commercial documents**.

The Embassy of the United Arab Emirates in London, confirms that under the Rules & Regulations of the UAE Authorities that henceforth, all verification/attestation of documents would be done by the Embassy through the **Arab British Chamber of Commerce in London**, failure to fulfil the requisite conditions will not be considered.

We therefore ask that our agent chambers ensure that exporters are advised of the above and that issuance of letters of indemnity should only be actioned as a last resort.

Thank you for your cooperation

Director of Trade Services
